027 — Cocoa Rules

Panel 1: In a wide panel, we see Theo (white tiger) and Caedmon (badger) seated at the house's kitchen table. Caedmon holds a mug of cocoa in his forepaw, a few marshmallows floating in the cup. He is frowning at a nervously-grinning Theo, whose cup is on the table, with a small mountain of marshmallows teetering precariously above the rim of the mug. A narration bar reads, *There is such a thing as too many marshmallows.*

Panel 2: In the other wide panel, we see Sheila (kangaroo) in the living room, sitting on the floor in front of the sofa. She is grinning widely, clutching and surrounded by boxes of cocoa — mint, s'mores, dark, butterscotch, French Vanilla, arctic white, and more. A narration bar reads, *The same cannot be said of cocoa mix varieties.*
